**Managing Director**

**ODISHA STATE HANDLOOM WEAVERS COOP. SOCIETY LTD**  
**PANDIT JAWAHARLAL NEHRU MARG, BHUBANESWAR – 751001**  
**GENERAL TERMS & CONDITIONS**

- 1** Sealed Tenders are invited from reputed Decorators/Contractor for Construction of stalls, gates, PH, electrification works & other allied services for SHEs & own events of Boyanika at different places both inside and outside of the State. The rates to be finalized in this tender process will be valid up to 31.03.2023 or till finalization of fresh tender during the financial year 2022-23 whichever is earlier, for such events of Boyanika except National Level Handloom Expo at Bargarh & Bhubaneswar.
- 2** The bidder shall be responsible for arranging and maintaining at his own cost all materials, tools & plants, water, electricity access, facilities for workers and all other services required for executing the work unless otherwise specifically provided for in the contract documents
- 3** The Contractor while executing the work will have to strictly follow all the covid-19 guidelines issued by Govt. of India, Govt. of Odisha & Statutory Local Bodies
- 4** The sealed tenders containing Technical bid (cover-I) and Financial bid (cover-II) in separate sealed covers to be sealed in a single envelope in conformity with DTCN & terms & conditions of the bid document should reach the office of the undersigned by scheduled date and time.
- 5** If the office happens to be closed on the last date of receipt of bids as scheduled, the bids will be received on the next working day at the same time & venue
- 6** The bidder must submit their Tender by Speed Post/ Registered Post/ Courier only to the address as specified at Sl. No 12 of the CONTRACT DATA SHEET during the office hour only on or before the last date and time for submission of proposal as specified at Sl. No 4 of the CONTRACT DATA SHEET. Submission of proposal through any other mode and late bid will be rejected. The Client/Mela Authority will not be responsible for postal delay/any consequence in receiving of the proposals.
- 7** The work shall have to be executed within 3 days time from the date of issue of work order/intimation to complete the work within 7 days time and handover by 11.00 A.M on scheduled date of inauguration. The tenderer having necessary expertise & competency to complete the work within the stipulated time should participate in the tender process

- 8 The duration of Expo shall be 15 (fifteen) days. However, in case it is extended up to 3 (three) days, no extra payment shall be made to the Contractor/Decorator. In case the Expo extended for more than three days extra payment for each extended days(s) beyond 18 **days shall be made at the rate not exceeding proportionate cost for 18 days**. On completion of the Expo, the Contractor/Decorator shall have to take away all the materials within 3 (three) days and shall have to vacate the site. He/they shall have to pay Rs.30,000/- (Rupees Thirty thousand) only per day for the days he occupies for vacating the site beyond the period allowed therefore. It is the responsibilities of the Contractor/Decorator to obtain clearance certificate from the Ground Authorities regarding clearance of the ground
- 9 The expo premises shall be formally made available to the Contractor/Decorator by Expo Authority on, as is where is basis on next day of issue of work order/intimation. The construction work must start immediately at site on the same day and be completed and handed over to the expo Authorities formally by 11.00 AM on the opening day of the Expo. The progress of the work shall be checked and supervised by officer/Engineer duly nominated by the Mela Authority to ensure that the work is done as per the specifications and time schedule. Tenderer shall ensure proportionate progress to complete the work as per the time schedule
- 10 **In addition for each hour of delay beyond 11.00 A.M. up to 5.00 PM of Inauguration day, Rs. 10,000.00 shall be charged as penalty. After that, penalty equals to 25% of the work order value will be deducted, from the executed work incase Contractor/Decorator failed to deliver the site before 5.00 P.M. on Inauguration day with forfeiture of deposited EMD/Performance Guarantee. In that case, Expo Authority can execute the work through other agency/departmentally and the cost will be deducted from the dues of the Contractor/Decorator.**
- 11 The volume and number of works may vary at discretion of the Expo Authority; up to 50% of the contracted work either way & final payment to the Contractor/Decorator shall be regulated on the basis of actual work executed and on the rate(s) initially approved. For extra fittings contractor will have to quote rate separately. For all such extra fittings, the Expo Authority reserves the right to pay the lowest of the rates quoted by the competing Contractor/Decorator
- 12 The Contractor/Decorator will be responsible for up keep and maintenance of the entire work done by him till the closing of the Mela, for which, no extra payments shall be made. He shall therefore, have to ensure adequate number of carpenters/helpers to the satisfaction of the Mela Authority. Breakages and damages in any work shall immediately be settled and no extra payment will be made for any damage, breakage or loss on account of any reason or natural calamities. Lay out plans etc. of the site shall be provided by the Mela Authority. Mela Authority reserves the right to reject any or all tenders without assigning any reason or to accept any portion of the tender and award the remaining work to any other Contractor/Decorator

- 13** Proper signage to be provided as per the requirement and as directed by Mela authority without any extra cost. The design of the signage should be collected from the Mela Authority and shall be provided in the locations as directed
- 14** Contract Negotiation, if required will be held on the same date & time of the opening of the Tender. Representative conducting negotiations on behalf of the bidder must have written authority to negotiate and conclude a contract. Negotiation will be performed covering technical and financial aspect, if any and availability of proposed professionals etc.
- 15** No part of the contract will be sub-let without the prior written permission of the Mela Authority.
- 16** It shall be the responsibility of the successful Tenderer to obtain requisite permission for water, electricity power, and other essential connections/services at the Mela Ground for the duration of the Mela i.e. from the date the ground is handed over to the contractor / decorator for construction to the date the ground is handed over back to the Local Authority from whom it has been taken on rent. It shall also be responsibility of the contractor /decorator to liaise with the concerned authorities and arrange all the PH, electrical connection and other amenities that may be required for running of the Mela. However, security deposits, if required, shall be made by the Mela Authority. Letters to the concerned authorities shall also be addressed by the Mela Authority. Security deposits, installation charges and consumption charges for all PH and electrical connections for the duration of the Mela shall be paid by the Mela Authority, the contractor / decorator will however, have to pay all installation & consumption charges, both PH and electrical for the duration he takes over the ground to the time he formally hands over the complete work of the Mela to the Mela Authority
- 17** The contractor shall execute the work confirming to the requirements of fire safety guidelines of NBC/Local fire authority and shall obtain the required clearance certificate from the fire authority if necessary for the infrastructure erected at the Mela ground at his own risk. However the required correspondences shall be provided by the Mela Authority to the contractor
- 18** In regard to electrical fittings etc, the contractor shall have to engage qualified licensed Electrician / Contractor entitled to erect, handle and maintain high tension supply line and its up keep and maintenance
- 19** In regards to sweeping and cleaning services etc. the contractor shall have to engage experienced and licensed agencies to provide such services on behalf of the contractor
- 20** The contractor shall not use any materials other than those specified in tender without the prior permission of the Mela Authority.

- 21** The contractor shall have to obtain the required structural stability certificate from the competent authority for the infrastructures erected at the Mela ground at his own risk if felt necessary. However any correspondence required from the Mela authority will be provided to the Contractor/Decorator
- 22** No Advance shall be paid to the Contractor / Decorator till completion of the work and handing over to the Mela Authority. However, part payment up to 60% of the contract value of the total work may be considered for payment to the Contractor/Decorator within 5days time of the inauguration of the Mela subject to satisfactory completion of the work in due time. The balance final payment of the work will be made only after completion of the Mela and handing over of the ground to the Ground Authority.
- 23** All the Tenderers should fill the rate tendered in figures as well as in words. The tender form may be filled in English and all entries made by hand and written in ink. Over writings in rate is not permitted. All corrections should be attested by the tenderers with his initials as many times as corrections occur. Each page of the tender document and other related papers submitted there-with should be signed by the Tenderers along with page number. Any discrepancy in the rates written in figures and words, then rates written in word is final. Similarly discrepancy in the rates quoted for unit rate and total amount, and then the rate quoted for unit is final
- 24** The Tenderers are required to deposit an earnest money of Rs.1,00,000.00 (Rupees One lakh) only. The amount of earnest money will be accepted only in the form of Demand Draft drawn in favor of the Odisha State Handloom WCS Ltd., (~~bayanika~~), Bhubaneswar. In case of exemption of EMD, the selected decorator shall have to deposit the above amount as performance guarantee on date of selection prior to issue of work order in shape of DD. Only those tenderers who have necessary expertise and competency in the execution of the job within the stipulated time should submit the tenders. The tender without earnest money shall be out rightly rejected
- 25**
- A** The Mela Authority is not bound to accept the lowest tender and reserves the right to inspect / verify the stock of materials required for this work, in Godown of tenderers by nominating a Committee to ascertain the credibility of the firm. Further the undersigned/Mela Authority reserves the right to reject any or all tenders without assigning any reasons. Conditional tender in any form whatsoever will not be qualified/considered and will be liable for outright rejection.
- B** The Mela Authority reserves the right to impanel more than one bidders for the purpose tender has been invited .
- C** The authority reserves the right to accept or reject any or all the tenders without assigning any reason thereof.
- 26** The successful Tenderer shall have to arrange sanitary and water supply arrangements for his/their workers to avoid unhygienic condition inside the Mela ground

- 27** The Earnest/Security Money of successful Tenderer will be retained for successful completion of the contract and shall be returned only after Mela is over
- 28** The Tenderers shall have to quote their rates for hiring charges only inclusive of erection, transportation, and dismantling, but exclusive of GST
- 29** All the items of works shall be executed as per the direction of the Engineer In-charge appointed by the Mela Authority and the decision of the Engineer In-charge as regards to design concept is final and binding on the contractor/decorator. The drawings provided in the tender document are conceptual only and may vary during execution as per site condition or requirement of the Mela Authority and the contractor shall have to execute the works accordingly without any extra claims.
- 30** The Tenderers are required to quote their rates per unit for entire period of the Mela.
- 31** The contractor / decorator shall have to liaison and obtain the required clearance of Fire, Police and Structural stability etc. from competent authorities. However, required letters to the concerned authorities shall be addressed / issued by the Mela Authority
- 32** The agency should not have been indulged in any corrupt practice or convicted by any court of law. No adverse orders should have been passed against the agency by any Government authorities. No investigation by any authority as stated above should be pending against the agency
- 33** Income tax as applicable shall be deducted at source from all accepted payments, in accordance with the provisions of Income Tax Act, 1961 as amended from time to time
- 34** No modification to the bid documents shall be allowed once it is received by the authority
- 35** Any stage programme shall be conducted by running generator and the same is to be provided by the Contractor/Decorator as per requirement without any extra cost.
- 36** The selected contractor/decorator shall have to furnish the name of at least one manager of their firm who will be deployed at site to supervise the work and to report to the Engineer In-charge appointed by the Mela Authority.
- 37** If the Layout or Quantity of work changes due to COVID norms, The Designated Committee will negotiate and decide. The Decision of the committee will be final and binding.

**38 Special Clause of Pandemic**

The contractor / decorator will have to go through all the precautions and shall have to obey all the latest Covid-19 guidelines, as issued by Govt. of India, Govt. of Odisha & Statutory Local Bodies. However if any changes to the layout plan, cancellation to any or whole part of the work need to be done, the contractor shall have to agree without seeking any financial claim

**STANDARD SPECIFICATIONS FOR CONSTRUCTION OF STALLS, GATES, PH,  
ELECTRIFICATION WORKS & OTHER ALLIED SERVICES FOR SPECIAL  
HANDLOOM EXPOs & OWN EVENTS OF BOYANIKA AT DIFFERENT PLACES  
BOTH INSIDE AND OUTSIDE OF THE STATE.**

**STANDARD SPECIFICATIONS**

The structures should be steady and neatly finished. The basic structure is to be constructed with Balli/Bamboo Pillars and the rafter and purlins with bamboo at a distance not less than 2'. The roof is to be covered with good quality rubberized/nylon FRP tarpaulin and should be without any imperfection and holes to prevent leakages of water in the advent of rains in order to protect the products of the participants. Sufficient slope is to be provided to ensure water drainage in case of rains. The front should have minimum of height of 8' from the ground and the back should have a minimum height of 6'6" according to enclosed drawing. The platform is to be made of ¾" ply block board and should be at 0.5' height from the ground according to site conditions. Proper bracings at a distance of 2' (both vertical and horizontal) should be constructed to give platform enough strength and to withhold the anticipated crowd to the Expo. Good quality Synthetic Carpet Flooring of approved quality should be laid over the platform. The gap between ground and platform should be covered with 4-mm ply.

The back and side walls should be made of 4' frame work of not less than 3" x 1" vertical and at least 1" horizontal frame work covered with white cloth on both sides. Dividing walls should also be made as per the above specifications. The minimum height of the walls from platform should be 8'. The new white cloth ceiling with wooden framework should be fixed at 8.0' from the platform. A step at the entrance should be provided to enable the visitors to the Expo (as per the drawing to have an easy access to each pavilion). The front flex fascia should be as per approved design. The entire backsides of the stall should be fixed with GCI Sheets.

Sale counter and cash counter is to be fabricated with 18 mm. Commercial block board/wooden post and shelve/similar nature of material as per site requirement and either to be properly painted with approved shade colour or to be covered with new cloth/flex of approved design. Height should be 2'6" and the width 2'. The length of the counter will not be less than 8 Ft. in each 150 Sft. Pavilion/Stall.

Two nos. of chairs shall be provided in addition to the stipulated sales counters to each of the pavilion/stall. 10'-0" length three tier racks of 4' width and 4' height should be provided in each pavilion and should be fabricated with commercial block board/wooden post and shelves/similar material covered with new white cloth.

For each pavilion 2 nos. fire Extinguishers as approved by Fire Authority shall have to be installed. One each for common and another suitable for electrical fire along with fire extinguishers for each Pavilion, 2 nos. of buckets (specially designed for fire fighting) containing water in one and sand in another to be installed. They should be installed at places as directed by the Fire Authority. The Contractor shall have to obtain the Fire Safety Certificate at his own risk from the concerned fire authority. Electrical light and fan fittings to be provided with necessary wiring on main line separately for (a) fan (b) light (c) night lamp, distribution and point wiring including switch, main switch etc., using ISI standard wire and light fittings complete as may be approved by the

local electrical authority. All fittings should be properly focused to enable enough/proper lighting at the sales counter and general lighting at the pavilion.

The following fittings will be provided:

Pavilion size (in sq. ft.)	LED lights 45W & above	Inverter Bulb	Ceiling Fan	Extra Night Lamp-cum-Inverter connection out of the provision as under.
1	2	3	4	5
150	4	1	1	1
300	8	2	2	2

(Contractor should provide requisite number of Invertors as stand by so as to provide connections to the number of lights as mentioned under column-4 in the case of power failures. Cost of the invertors should be covered while quoting per sq. ft. rate for the pavilions. The capacity of the invertors must be such as to meet the load of the installations under Col.4).

All electrical works including fittings and fixtures and wiring must be done through a licensed Electrical Contractor borne in the current approved list of PWD (Electrical/CPWD, etc) who will submit and obtain necessary approvals and submit TEST FORM to Executive Engineers, PWD/ Electrical Inspector Govt. of Orissa (Electrical for Power connections).

The Contractor shall quote rental for the following items for the duration of the Expo. The rental shall be inclusive of all wiring, trenches inclusive of all cabling from switch transformer to boards, distribution boards for each block of 10 shops to main panel board for three phase meter for requisite power load inclusive of all equipment structures and fittings as required for the electric supply and contact from the supply terminal to and inclusive of distribution board for a block of 10 shops as approved. Installation of transformer(s) shall also be the responsibility of the contractor. He shall also supply fix and maintain HRC fuses. TP switches fuse kits, DP switch fuses, porcelain Kit-kat etc., etc/. required for the distribution of power to individual shops. Complete safety measures shall be adopted and all cable joints etc., properly earthed with copper conductor and sufficient earthing pits provided under direction and approval of the Managing Director/Expo Authority. The rental shall include constant attendance of the qualified, licensed and experienced electrician for the maintenance and service (entirely at the cost of the contractor). The temporary electrical connection required for construction period and entire Expo period shall be obtained by the contractor at his own risk, but consumption charges will be borne by the Expo authority.

Besides the tube light fittings, spot lights, fans etc. mentioned in the general construction, the contractor has to provide the following lighting arrangements. Providing and fixing Halogen light outdoor type water proof fittings complete the underground wiring and steel fixing brackets of 75mm x 6 mtrs high ('A' class steel poles duly painted black or as per instruction of the Managing Director/Expo Authority with two/four) 1000 watt halogens (quote separately for two/four). Providing and fixing 4' long fluorescent tube light on new steel patties in the parking area. WC bathroom, etc., as per the instructions of the Expo Authority. The number of lights should be sufficient to avoid darkness and as per instructions given by Expo Authority. Complete public address system with a powerful (PA 60) switch over type amplifier with 2

microphones, tape player and 20 numbers loudspeakers strategically placed on the ground and parking area is to be provided.

Construction of service stalls are same as Exhibition Pavilions except racks but with new synthetic carpet Flooring. One counter with eight chairs and a drawer with locking facility will have to be provided. The counter shall be 300cm long or as directed by concerned Authority including lighting as direct. Two pedestal / ceiling fans should also be provided in such stalls.

A Theme Pavilion as per specification and as per approved design with provision of minimum 1000-1500 sft usable area for display of looms/fabrics and instruction given by Expo Authority at site. The size of structure will be 40 Ft. dia in base portion and 40 Ft. to 60 Ft. height for which reference drawings have been enclosed herewith. The sample reference drawings are illustrative only. The structure should be strong and steady and neatly finished. The basic structure is to be constructed with bally pillars and bamboos with wooden framework covered with ply/approved design flex/ plaster parish and clothes etc. as per advice.

A Garage for fire tender is to be provided with Tarpaulin over steel pipe structure with a difference in height, i.e. 24' in front and 20' in the back. Dimension of the garage should be 24' x 32'. There is no plywood work. Front side will remain open and rear wall should be kept closed with Tarpaulin (partition wall, roofing will be made out of Tarpaulin) including lighting as directed. Two pedestal fans; five chairs and 7 folded beds are to be provided. Arrangement for a tent accommodating seven beds near the garage shall also have to be provided.

Construction of First-Aid Centre shall be as per office with provision of one medical bed, one fridge and deep green door /window cotton and as directed by the First-Aid Authority.

The above specifications are the minimum requirements. Further instructions on the spot will be given by the First-Aid/Fire/Bank/PO/Police/WSC Authority in case any deviation is deemed necessary. No extra payment shall be made to the contractor for all such addition/alterations.

**KIOSKS :** Size of each kiosk will be 15' x 10' x 8' with GCI roof and shall have fascia of 4' on all the four side. Each kiosk should be provided six tables of 4'x4'x4' size, eight tube lights with power connection, two drum of 6' height to store disposable/wastes and power connection wherever required (the number of extra power points with connections and to the stalls where such connections are to be provided shall be intimated at site by the Expo Authority). Electrical wirings inside the kiosks should be done on conduct piping so as to avoid the fire hazards. Flooring should be leveled and raised with 3" bricks.

All the material used for construction of Exhibition pavilions/kiosks etc., should be meet the approval of the Expo Authority. Notwithstanding any thing contained in the aforesaid clauses and in the accompanying schedules, the Expo Authority is competent to effect change of the venue and to the schedules accordingly or even cancel the Expo before the work is formally awarded and the contractor will not have any claim against the Managing Director for the preliminary work(s) or any other expenses incurred by the contractor in connection with this tendering for the work and further proceedings thereon until such alternation or cancellation.
